About

Dilico Children's Foundation

Dilico Children's Foundation is a non-profit charitable organization that was established in 2009.

We promote a proactive and holistic approach to improve the well-being of Anishinabek children, youth and families.

As a Foundation, we advocate for children and young people living in caring families and communities so that they may grow safely and fulfill their individual potential in life.

The Dream Catcher Fund

This fund is dedicated to inspiring young imaginations and making dreams come true. View our Dream Catcher Fund catalogue online to sponsor a specific item or experience that could help change a child's life.

The Community Spirit Fund

This fund grants experiences that mobilize people to work together on programs and projects that are initiated and supported by the community membership. Youth can attend summer camps where Elders will teach them traditional arts, crafts and fishing or hunting skills.

The Rising Eagles Fund

This fund will support youth by providing education incentives, scholarships and bursaries to students who demonstrate merit and need financial support. Many youth travel away from home to attend Certificate Courses, College and University. This support will allow them to be self-sustaining in their journey towards educational success.

The Four Directions General Fund

This unrestricted fund allows the Foundation to respond to the immediate needs of the individual, family or community. This will allow us to support children and youth to overcome everyday challenges and to enhance the quality of their lives.

Giving

We rely on corporate and individual partnerships within the community to support our Foundation.

There are many ways to give to the fund of your choice, including:
